

Name: _____

Use the KWL chart to prepare and then reflect on the pros and cons of diverting and damming our rivers.

1. List 'what you know' and 'what you want to know' about why we build dams and water diversions and how those affect people and nature.

2. Fill in the "what I learned" column after viewing the film.

TOPIC	WHAT I KNOW "K"	WHAT I WANT TO KNOW "W"	WHAT I LEARNED "L"
What are the reasons we build dams and divert our rivers? (If you know of existing water diversions, you can speak to those specifically.)			
How does a dam or pipeline affect 1) Communities 2) Wildlife 3) Farmers 4) Recreationists
